July 17, 2026

WINTER PARK, Fla., July 17, 2026 (GLOBE NEWSWIRE) -- **Streamex Corp. ("Streamex" or the "Company") (NASDAQ: STEX)**, a technology company building the tokenization ecosystem for all real-world assets beginning with commodities, today announced the distribution of the fourth yield payment for GLDY, its yield-bearing gold asset, occurred on July 17th, 2026. The distribution covers the period from **June 1st through June 30th, 2026.**

Yield Distribution Details

GLDY's real-world yield is generated through Streamex's institutional gold leasing program, with proceeds from the program distributed to GLDY holders in the form of additional GLDY tokens monthly. **Each GLDY token is currently earning an annualized yield of 3.9%.** For the month of June, **10.092577 GLDY** (10.092577 oz of gold) was distributed resulting in GLDY holders receiving a distribution of **0.003237 GLDY** per token.

Henry McPhie, Co-Founder & Chief Executive Officer of Streamex, said: "With our fourth distribution, GLDY continues to outperform what investors have come to expect from gold as an asset class. Traditional gold holdings generate no yield at all, GLDY is changing that equation, and this quarter's distribution reflects the increasing efficiency and scale of the leasing program as we put more of our gold holdings to productive use."
